TO WHOM EVER IT MAY CONCERN

CGPA (Cumulative Grade Point Average) system is followed for all the courses run at Sikkim Manipal Institute of Technology (SMIT). No marks or Class/Division are awarded to students in Semester or Degree level examination.

There is no rule in the institute to convert CGPA into percentage. However, based on the decision taken in 41st Academic Senate Meeting held on 19 January 2013 the following formula may be used by Organization/Individual at their discretion to convert the CGPA earned by student of this Institution to equivalent percentage of marks.

$$\text{Equivalent percentage of mark} = \text{CGPA} \times 10$$
